REPORT OF RELIEF AGENT

The following report indicates the various types of aid with which your relief agent has been concerned the past year. Preparation of papers and investigation of tax records to establish the question of eligibility and settlements is involved in all of them. Candia has been very fortunate to have had the full co-operation of the officials in charge of the Bear Brook project which has made it possible to place a large number of men at work. Until recently openings have been found there for all whose eligibility could be certified to by the W. P. A. officials. With respect to old age assistance, checks are now sent out by the County Commissioners, the town being charged for 52½ percent of the grants made to those recipients who have town settlements.

Reimbursements by the state on account of direct relief has varied during the year. No funds were available from February 1 to June 30, from July 1 to December 31 there was a 50 per cent reimbursement, and for January 1937 this was reduced to 33 1-3 per cent. An audit of relief expenditures is made each month by the state comptroller's office which forms the basis upon which the town is reimbursed. Aid rendered to persons not having a town settlement is paid for directly by those who are responsible.

With reference to securing work for those eligible for work relief under the present W. P. A. requirements, the necessary applications and follow up work have been completed and 43 men and women placed. Of these 32 were assigned to the Bear Brook project while others worked on browntail moth, white pine blister rust, recreational, and other projects. Following the flood temporary certification was arranged for 10 men who composed part of a W. P. A. road project.

The arrangement made with the Griffin Public Library of Auburn to exchange books has been continued during the year with gratifying results.

We are indebted to many friends for the gifts of books and magazines.

Special mention should be made of a valuable set of books given the library by Professor and Mrs. G. L. Foster in memory of Mrs. Foster's parents, Frank E. and Mary B. Page. Mr. Page was the first librarian of the Smyth Public Library and held that position until his death, a period of some thirty years. Mrs. Page filled the position after his death for six years.

In December, 1934, the Candia Club, Inc., dissolved, and through its treasurer, Carrie M. Conant Foss, the balance in their treasury was given to the Smyth Public Library. From this sum five volumes of Sam Walter Foss' poems have been purchased.
